Selected projects and creative work

Play Equipment Design	Designed up to 50 types of playground equipment, including challenge-play equipment, with detailed 3D models.
School & Residential Play Areas	Created detailed 3D playground models and site layouts for projects associated with Jaipuria, La Martiniere, CMS, Rishita Builders, and A&M Builders. Focused on accurate dimensions, equipment placement, and clear visual presentation.
Government Park Projects	Created detailed 3D models and visual layouts for government park projects, including Shivaji Park in Dhule, Maharashtra, and Sonamukhi Park in Tripura. Worked carefully on spatial planning, park layouts, and equipment placement.
Children's Book Illustration	Created illustrations for children's books in Procreate on iPad and completed page layouts in CorelDRAW.
Magazine Design	Designed three magazines, handling layout and graphic design.
Phoenix Mall Stage Modeling	Created 3D models for five themed event stages and installations.
Logos & Brand Identity	Designed logos for businesses including Techno Friend and Little Spoon.
MDF 3D Modeling	Created MDF models of Ram Mandir, Prem Mandir, and ISKCON Temple, Lucknow.
Park, School & Interior Layouts	Prepared spatial layouts and presentation visuals for parks, schools, resorts, classrooms, libraries, and computer rooms.
